5 YEAR UK Manufacturer GUARANTEE on Motor

Product Description

Xpelair GX6EC models are purpose designed for use in kitchens and utility rooms. They can be window or panel mounted as supplied, or wall mounted using an optional wall kit. A trickle ventilation facility is available for background ventilation when not in use.

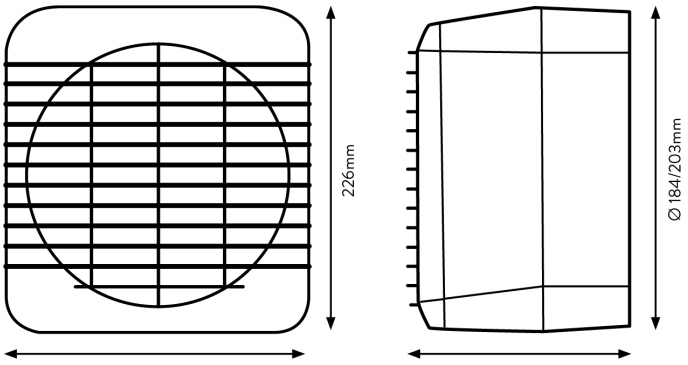

Both models are single speed and suitable for installation in single and double glazed windows. The fans have an EC motor which means that they operate at low power thus reducing running costs.

GX6EC has a silent Electro-thermal shutter whilst GXC6EC has an integral pullcord actuator.
